Outline of the Program provided for the Children:

Mount Beauty Primary School Council Combined OSHC Services believe that our OSHC Service is a valuable and integral part of our three Schools and local community.

We provide high quality inclusive care for all children that allows them to have fun, develop friendships and build life skills. We value the importance of learning through play and recognise the importance of experiences in the early childhood years. We collaborate with children and families to develop and provide play experiences and choices that are meaningful to children and support their wellbeing, learning and development.
